

I Was Reincarnated as the  
**7th PRINCE**  
so I Can Take My Time Perfecting  
**My MAGICAL ABILITY**

"Lineage," "aptitude," and "dedication"... These are essential for sorcery.

An ordinary sorcerer who deeply loved sorcery and yet wasn't blessed with the lineage or aptitude met a violent end.  
On the verge of his death, he strongly wished that he could've studied sorcery more to perfect it.  
He then finds himself reincarnated as Lloyd, the 7th prince of the Kingdom of Saloum,  
who possesses a strong bloodline of sorcery.

Reincarnated with his past memories as well as the aptitude and perfect bloodline,  
he starts enjoying a matchless life of "perfecting his sorcery as much as he pleases" using his excessive mana!
